

Little Critters Choir Instruction Sheet

Little Critters, do you love Honey as much as Sea Bear, Owl & Pussycat? Yes?! Do you love its gooey, goldeny, bee-hivey goodness? Yes?! Well let's hear you sing about how much you love it too.

We need your voice to make up the Little Critters Choir - A choir of kids from all over Australia, coming together to sing and share music.

What You Need:

- 1 x critter costume
- 1 x device (iPad/computer) to play the Honey video
- 1 x device (Phone) to record your singing
- 1 x headphones

What To Do:

Practice learning and singing 'Honey' on this video with Owl & Pussycat over and over again
The video will show you the words or lyrics of the song on the screen and Owl & Pussycat will help tell you when and what to sing

When you think you know Honey really well, go to step 4

Get dressed up

Put your headphones on

Press play on your device for the Honey video

Press record on your phone - make sure the phone is upright/in portrait

Clap at the same time as Owl & Pussycat

Sing, sing, sing! - Don't be afraid to dance, add your own props and have fun

Send your video to:
